AMENDMENT

Please amend the title of this report to read: "VISIT OF  
"TAGORE" TO NEW YORK AND MONTEVIDEO". On further consideration,  
the messages in this report and other references not yet published  
suggest that "TAGORE" had been sent from MOSCOW to MONTEVIDEO,  
possibly on an inspection tour.

T.N.: [a] EMA. It is difficult to be certain what type of cover-name this is. It seems unlikely that this is an error or variant for "EAMA". A possible suggestion is that it is connected with the name of the letter "M" ("EMK" may perhaps be comparable) and derived from the first two letters of the surname MAMLYGA.

[b] Or "has not been".

On account of the protracted illness of EMA, a probationer who was scheduled for being put in liaison with PATRLARCH, AKIM[i] personally effected liaison with the latter on the 20th December. PATRLARCH will be used for throwing light on [OSVESHCHENIE] the crews of American ships carrying Soviet cargoes. We will organise this through his sub-sources, we will also use [him][a] for processing [OFORMLENIE] the Russian-American [D: Seamen's] Club.
